

Subject: Application for Security Professional - Matthew Bryan Wirman

Dear Hiring Manager,

I am writing to express my strong interest in a security position within your organization. With over 20 years of experience spanning military operations and high-level institutional security, I offer a deep expertise in risk mitigation, emergency response, and operational leadership. My background as a Veteran and a Public Safety Officer has prepared me to maintain the highest standards of safety and compliance in fast-paced, complex environments.

Throughout my career, I have consistently demonstrated the ability to secure high-value assets and protect personnel:

- **Institutional Security & Compliance:** At UC Health, I serve as a Public Safety Officer III, providing armed security and enforcing organizational compliance with federal, state, and institutional safety standards. I regularly manage complex incidents, including medical emergencies and behavioral crises, while conducting risk assessments to implement mitigation strategies.
- **Operational Leadership:** I have a proven track record of mentoring and training junior personnel, having served as a Field Training Officer (FTO) and a Team Leader in the U.S. Army. At Aegis Protective Services, I managed 24/7 schedules for over 100 officers, ensuring 100% staffing compliance and operational readiness.
- **Military Logistics & Security:** During my decade of service in the U.S. Army, I coordinated transportation and maintenance for over \$20M in equipment and oversaw mission readiness for airborne units during multinational deployments.
- **Technical Proficiency:** I am highly skilled in evidence collection, investigations, and the monitoring of access control systems and alarms to maintain facility integrity.

In addition to my field experience, I am an OPOTC-trained professional with certifications in Private Security Handgun and Leadership & Survival Training. My experience as a Union Steward has also provided me with a unique perspective on policy enforcement and labor relations, further enhancing my ability to lead and collaborate within a professional team.

I am eager to bring my disciplined approach and extensive security background to your team. Thank you for your time and consideration.

Sincerely,
Matthew Bryan Wirman
